

2014 – 2015 LGF DAR Scholarship Committee Report
Chairman: Connie McGee
May 22, 2015 Regular Meeting

Scholarship information was electronically submitted to Public High School Counselors in Kootenai, Shoshone, and Benewah Counties and to North Idaho College and Lewis & Clark State College to post on their website for nursing and Native American students.

No contacts were made from any students at the chapter level for assistance. The chapter did not receive any notice from national that students submitted scholarship application.

Goal: 2015-2016

Besides contacting local high schools and colleges, an effort should be made to make scholarship information available to home schooled students either by placing flyers in the local libraries or by personal phone calls. Information on home school students can be obtained by googling Home Schools in Idaho.
